

CENTRAL JERSEY
DENTAL ARTS
FAMILY . IMPLANT . PROSTHETIC

1056 Stelton Rd, Piscataway, NJ 08854
(732) 981-1040

To my Patients,

It has been my pleasure to serve the Piscataway community as a dentist over the past 35 years. I have had the privilege of witnessing the growth of many families, some of which I have had the pleasure of treating three generations. I met so many great people over the years and developed friendships with so many of my patients. But, it's now time for me to reduce my work schedule and I am excited to announce that Dr. Nainesh Desai has joined the practice. I am very much looking forward to practicing dentistry alongside Dr. Desai for many years to come and also to having more time to spend with my friends and family.

In an effort to ensure that my patients continue to receive the best possible care, I have carefully evaluated a number of highly qualified dentists who were interested in joining my practice. I selected Dr. Desai, because he possesses a superior set of both technical and social skills. In addition to being trained in cosmetic, general and implant dentistry, Dr. Desai is a caring and calm dentist and can continue to build upon the relationship that we have formed together.

As a Prosthodontist trained at The University of Medicine and Dentistry of New Jersey, Dr. Desai has advanced training in restoring and replacing teeth. Prosthodontists are considered the leaders of the dental treatment plan and as such, he has regularly lead teams of general dentists, specialists, and other health professionals to develop solutions for his patients' dental needs. After practicing and teaching as an Assistant Clinical Professor at The University of Detroit-Mercy, Dr. Desai moved back to New Jersey and has been practicing in the area since then. He then became the President of Middlesex County Dental Society, an organization that I have been an active member of for more than 30 years. He is a strong believer in continuing education as a means to ensure that his patients receive the highest quality dental care. He is an active member of local, state and national organizations and lectures routinely to fellow dentists on challenging clinical topics.

I know that my practice is in good hands and I am excited to witness the successful transition over the coming years. I will continue working with Dr. Desai to help him get to know your oral health care needs and I am confident that Dr. Desai's single biggest priority will be you, the patients. During this time, please feel free to contact me or Dr. Desai so that we can answer any questions that you may have. Our office now operates under the new name of **Central Jersey Dental Arts**, but the location, telephone number and our team remains unchanged.

I truly want to thank all of my patients and colleagues for their support during my career. The success of this practice is built on your loyalty and I am very fortunate to have had the opportunity to serve as your dentist. I wish Dr. Desai, every success, good luck, and happiness and again

Sincerely yours,
Dr. Warren Lorch
